

KICK START YOUR CAREER WITH A WAREHOUSING TRAINEESHIP

Loy Yang B
Power Station

 **PROGRAMMED**
Training Services

Loy Yang B Power Station would like to invite applications for a 12 month Warehousing Traineeship commencing in May 2022 in partnership with Programmed Skilled Workforce.

This is an excellent opportunity to obtain a nationally recognised qualification while gaining valuable on-the-job experience and developing skills transferrable to other roles and industries.

The successful applicant will work with an experienced and passionate team of people at Loy Yang B while completing a Certificate III in Supply Chain Operations (Warehousing).

You will learn how to efficiently perform the warehouse functions and undertake inventory management duties associated with the operation of the power station. This will include accurate and timely receipting of incoming materials, quality inspections of inventory, and utilising the computerised maintenance management system. You will be trained to operate material handling equipment to unload, load and store material, stock and equipment.

Selection criteria:

- Works autonomously, keeps others informed of progress, and seeks assistance when necessary.
- Effectively communicates information orally or in writing and speaks up on important matters.
- Productive, punctual and reliable with a proven track record of finishing tasks properly and on time.
- Delivers work of a high quality standard with minimal mistakes.
- Understands and complies with safety requirements at all times.
- Has a good working knowledge of computerised applications including the MS Office Suite.

Only candidates who have addressed the above selection criteria and followed the application process stated on the website will be considered.

Loy Yang B welcome applications from people with different backgrounds, experiences and perspectives who aspire to make a difference with a leading energy employer.
